Plinest for Face/Eyes/Hair x 3 Sessions	£860

Skin booster will help to restore collagen production and improve overall skin quality. It increases firmness and tightness of the skin, improves skin texture and fine lines, stimulates your own collagen production.

Skin booster can be used for face/neck/decollete or even hands. For skin booster injections we use special nano-needles which make injections painless.

Get 15% off when you purchase
x 5 treatments course in advance.

1 Session, 1 vial.....	£350
1 Session, 2 vials.....	£490
1 Session, 4 vials.....	£690

For face, body and hair.

Endoret Plasma Therapy is a cutting-edge technology for obtaining plasma enriched with platelets and growth factors, delivering guaranteed results after the procedure.

Why choose Endoret PRGF (Plasma Rich in Growth Factors) instead of other PRPs?

Endoret PRGF (Plasma Rich in Growth Factors) stands out from traditional PRP (Platelet-Rich Plasma) therapy by promoting a faster and more natural healing process. It stimulates tissue repair through hundreds of endogenous proteins, encouraging new blood vessel formation, cell mobilization, and proliferation.

Additionally, Endoret PRGF uses a closed, sterile system with certified, disposable kits, ensuring safe and quick plasma preparation for immediate application.
