# MORPHEUS8 BURST

## The most advanced RF lifting

---

Experience the power of an innovative RF lifting treatment designed to lift, firm, and rejuvenate the skin, revealing a radiant and youthful complexion.

- **Lifting and firming** – restores skin elasticity and improves facial contours
- **Skin smoothing** – minimises scars, blemishes, and stretch marks
- **Wrinkle reduction** – softens fine lines and tightens loose skin
- **Pore refining** – reduces the appearance of enlarged pores
- **Body sculpting** – firms the skin and enhances definition in treated areas

**Prices start from £445.**

**Get 20% off your initial procedure.**

**Recommended course:** 3 treatments spaced 4–6 weeks apart.

Save 20% when you pre-purchase 2 treatments for the same area.

## **Special offers with Morpheus8 Burst**

**2 Sessions of Plinest for Face at £448  
(reduced from £640)**

Polynucleotides deeply hydrate and prepare the skin before RF lifting, improving elasticity. Post-treatment, they accelerate healing, reduce inflammation, and boost collagen for longer-lasting results.

**Exosomes at £330  
(reduced from £550)**

Exosomes enhance RF lifting by promoting healing, reducing inflammation, and stimulating collagen production, leading to improved skin texture and faster recovery.

**Endoret PRGF 1 vial at £210  
(reduced from £350)**

Plasma technology works synergistically with RF lifting to tighten, lift, and regenerate the skin, ensuring a smoother, more youthful complexion with lasting results.
